

Ingredient Dictionary

| Ingredients | INCI | INCI Description |
|--|--------------------------------------|--|
| Aqua (Water) | Aqua (Water) | Pure Water |
| Radiasurf 7141 | Glyceryl Stearate | A safe ingredient which acts as a lubricant on the skin's surface, which gives the skin a soft and smooth appearance |
| Emulgade PL 68/50 | Cetearyl Glucoside; Cetearyl Alcohol | A natural emulsifier extracted from corn and coconut using eco-friendly principles, without the use of chemicals or solvents. This ensures a stabile emulsion of oil-based and water-based ingredients and is both mild and non-irritating. |
| Polawax GP200, Ercamuls LP 20 V/FD, Cromul EM 3354, Medmuls B200 | Cetearyl Alcohol and Rosa Canina | A simple ingredient with emulsifying properties to hydrate skin and hair, leaving it soft and supple |
| Lanette MY/Lanette D | Cetearyl Alcohol | An ingredient used to help soften the skin and hair and to thicken and stabilize cosmetic products, such as lotions and hair products. ... Not only is it considered safe and nontoxic for use on the skin and hair, but it's also not drying or irritating like other types of alcohol . |
| Glycerine Refined 99.7% (COSMOS) | Glycerin | This is a natural humectant, a type of moisturizing agent that pulls water into the outer layer of your skin from deeper levels of your skin and the air. In skin care products , glycerin is commonly used with occlusives, another type of moisturizing agent, to trap the moisture that it draws into the skin |
| Glycerine Refined 99.7% | Glycerin | |
| Avocado Oil | Persea Gratissima (Avocado) Seed Oil | Avocado Oil is very rich in fatty acids and is excellent for moisturizing the skin. In addition to vitamin E, avocado oil contains potassium, lecithin, and many other nutrients that can nourish and moisturize the skin |
| Avocado Oil | Persea Gratissima (Avocado) Oil | |
| Advocado Oil, Organic - Green (COSMOS) | Persea Gratissima (Avocado) Oil | |
| NZ Avocado Oil - Refined | Persea Gratissima (Avocado) Seed Oil | |
| Olivem 1000 (COSMOS) | Cetearyl Oliviate, Sorbitan Oliviate | This ingredient is a unique natural PEG-free emulsifier from Olive oil. It reduces skin water loss, has a high moisturizing effect, is hypoallergenic and biomimics the skin |

Ingredient Dictionary

| | | |
|--|---|--|
| Jjoba Oil | Simmondsia Chinensis (Jjoba) Seed Oil | This ingredient has anti-inflammatory properties which help to tame chaffing and chapping, reduce redness caused by drying, ease the effects of eczema and rosacea, and keep skin calm and comfortable. The Vitamin E and B-complex vitamins in the Jjoba oil help in skin repair and damage control |
| Rosehip Oil (Refined) | Rosa Canina (Rosehip) Fruit Oil | Rosehip Oil comes from the seed, is rich in essential fatty acids and extremely high in Vitamin C. Because it is a dry oil , meaning it absorbs quickly without leaving an oily skin residue, it may be best for normal to dry skin users. Anti-Aging* |
| Evening Primrose Oil | Oenothera Biennis - Evening Primrose Oil | Evening Primrose Oil is the oil expressed from the seeds of <i>Oenothera biennis</i> . soothes and moisturizes the skin while enhancing elasticity. Furthermore, it promotes a healthy, clear, rejuvenated complexion with enhanced radiance and addresses roughness, wrinkles, redness, dryness, and irritation. |
| Evening Primrose Oil Organic | Oenothera Biennis (evening primrose) Oil, Organic | |
| ParbFree DBA, Microcare DB, Geogard 221 (COSMOS) | Dehydroacetic Acid, Benzyl Alcohol | Dehydroacetic acid & Benzyl alcohol are both Organic compounds which are accepted for use in natural cosmetics, offering a broad spectrum of stability at a wide range of pH. |
| ParbFree DBA, Microcare DB, Geogard 221 | Dehydroacetic Acid, Benzyl Alcohol | |
| Wheatgerm Oil | Triticum Vulgare (Wheat) Germ Oil | Triticum Vulgare (Wheat)Germ Oil is an oil expressed or extracted from the germ of Triticum vulgare . Is used primarily as a skin conditioning agent. The Vitamin E contained in this oil benefits the skin. |
| (NHP) Manuka Honey 16+ | Honey (Manuka) | Manuka honey can improve your skin's appearance. It can balance your skin's pH level and help slough away dead cell debris to keep your skin clean. Its anti-inflammatory effect can decrease local inflammation caused by acne. As an antibacterial, Manuka honey leaves fewer bacteria to infect pores and cause acne |

Ingredient Dictionary

| | | |
|--|---|--|
| Beeswax White | Cera Alba (Beeswax) White | Beeswax is one of the most commonly misunderstood cosmetic ingredients. It is actually great for helping hold in moisture and prevents clogging of pores. Beeswax also helps to create a pleasant silky texture in cosmetics . The vitamin A in beeswax, along with the antiseptic and healing properties, are good treatments for acne. It also contains small amounts of natural antibacterial agents. Is also helpful for dry and chapped lips. |
| Shea Butter | Butyrospermum Parkii (Shea) Butter | Shea butter is fat that's extracted from the nuts of the shea tree. High concentrations of fatty acids and vitamins make shea butter an ideal cosmetic ingredient for softening skin. Shea butter also has anti-inflammatory and healing properties. Using shea butter on your body, especially your face, can condition, tone, and soothe your skin |
| Cocoa Butter (Refined) Organic | Theobroma Cacao (Cocoa) Seed Butter organic | Cocoa Seed Butter is the natural, edible fat obtained from the roasted seeds of Theobroma cacao . Cocoa Seed Butter is extracted during the process of making chocolate and cocoa powder. Cocoa butter is high in fatty acids, which is why it's often touted for its ability to hydrate and nourish the skin and improve elasticity. The fat in cocoa butter forms a protective barrier over skin to hold in moisture. Cocoa butter is also rich in natural plant compounds called phytochemicals |
| TICAXAN Xanthan Gum 200Mesh/EC (COSMOS) | Xanthan Gum | Xanthan gum may not be an active ingredient, but its use in skincare is significant for product texture and formulation. It is not known to have any toxic or harmful side effects, can be appropriate for use in natural and organic skincare and is thought to have some hydrating benefits for the skin . |
| TICAXAN Xanthan Gum 200Mesh/EC | Xanthan Gum | |
| Xanthan Gum FNCS-PC/Keltrol CG-T/Vanzan NF-C | Xanthan Gum | |

Ingredient Dictionary

| | | |
|--|--|--|
| Dermofeel Toco 70 Vit E non GMO (COSMOS) | Tocopherol; Helianthus Annuus (Sunflower) Seed Oil | This ingredient is mainly used as an emollient agent in cosmetic products. This is made possible by its high concentrations of oils (i.e. oleic acid, linoleic acid) and Vitamin E . Skin benefits of sunflower oil include: improving skin hydration and providing antioxidant protection. |
| Dermofeel Toco 70 Vit E non GMO | Tocopherol; Helianthus Annuus (Sunflower) Seed Oil | |
| Burdock Extract 1:2 | Arctium Lappa (Burdock) Root Extract | A natural antibacterial, antiseptic and skin soother. May aid in the treatment of eczema, psoriasis and acne as well as itchy, dry scalp, and dandruff. |
| Vanilla Oil, Vanilla Bean 2780/1200 | Vanilla Planifolia (Vanilla) Fruit Oil | Vanilla is a good source of B-vitamins like niacin, thiamin, Vitamin B6 and pantothenic acid which also contribute to the maintenance of healthy skin . Incorporate FSS Vanilla Extract Oil into skin care formulations for antioxidant activity and aromatic quality that tantalizes the senses. |
| Mandarin Oil (RCO) | Citrus Nobilis (Mandarin) Oil | Mandarin oil has the ability to renew your complexion and stimulate the growth of new skin cells, Mandarin Essential Oil can be used to help to even out skin tone. Whether the problem is pigmentation, acne scars or other blemishes, its anti-bacterial and anti-inflammatory properties can help to repair and protect your complexion. |
| Lime Oil (COSMOS) | Citrus Aurantifolia (Lime) Oil | Lime oil has a tightening effect, making it perfect to use to help rejuvenate your skin . Lime oil's tonic effect promotes a youthful appearance, and it can be helpful in lightening dark skin spots. |
| Lemon Oil | Citrus Limonum (Lemon) Oil | Its anti-bacterial properties can also sanitize wounds. Its astringent property rejuvenates dull complexions, making Lemon Oil effective for restoring the luster on tired or sagging skin . Lemon Essential Oil's high vitamin content boosts immunity by stimulating the body's ability to combat harmful bacteria. |
| Lavender Oil (COSMOS) | Lavandula Augustifolia (Lavender) Oil | Use lavender oil for skin to help reduce redness, blotchy patches, and acne scarring. Lavender oil's anti-inflammatory properties make it great for soothing and healing skin that's irritated or reddened from the sun, insect bites, or bacteria. |

Ingredient Dictionary

| | | |
|-------------------------|---|--|
| Manuka Oil | Leptospermum Scoparium Oil | Manuka essential oil is made through the steam distillation of the leaves, branches, and other parts of the Manuka tree. Manuka Oil eliminates harmful bacteria on the skin. Supports the appearance of healthy-looking skin and reduce the appearance of blemishes |
| Kanuka Oil | Kunzea Ericoides (Kanuka) Leaf Oil | kanuka essential oil is distilled from the leaves of kanuka trees. Kunzea can be used on teenage blemishes or other instances of red, irritated skin. Kanuka oil has antimicrobial and healing activity, making it a powerful oil for minor wounds, acne, and fungal conditions of the nails or skin |
| Rose Oil (Aromatic Oil) | Rosa Centifolia (Cabbage Rose) Flower Oil | Cabbage rose or Rosa Centifolia Flower Extract which holds many of the same properties but is also used as a fragrance. As a gentle antiseptic and astringent, it can help cleanse skin and prevent blemishes. Anti-inflammatory properties enable Rose Extract to help minimize redness and soothe irritation – making it ideal for all skin types (acneic, dry, mature, sensitive) because of its calming and healing abilities |
| Rosewood Oil | Aniba Rosaedora (Rosewood) Wood Oil | It is beneficial in skin care formulations as it is said to help protect the skin from acne, dryness, dullness, and balance all skin types such as oily and dry. |
| Vinanza Grape | Vitis Vinifera (Grape) Seed Extract | Vitis Vinifera is the technical name for grape seed extract , which is used in cosmetics and personal care products because of its natural antioxidant properties. Vitis Vinifera has been traditionally used as a wound healer and anti-inflammatory. The Skin Benefits of Grape Seed, are an excellent source of vitamins C and E, as well as antioxidants known as flavonoids, all of which may improve skin's texture and reduce the signs of aging |
| Grapefruit Seed Extract | Citrus Grandis (Grapefruit) Seed Extract | Grapefruit seed extract is touted as a natural remedy for a number of health problems, including skin disorders and claimed to treat virtually every infection. It is believed to be simultaneously antibacterial, antiviral, and antifungal. |

Ingredient Dictionary

| | | |
|--|---|--|
| (Beebio) Wattle Ridge Bee Venom | (Beebio) Wattle Ridge Bee Venom | This ingredients encourages a gently skin reaction to the Bee Venom as an irritation as if it has been lightly stung with Melittin. This encourages blood circulation to the deep layers of the skin , stimulating cell regeneration and the production of elastin and collagen to lift, plump, replenish and tighten the skin . |
| Aloe Vera Powder - organic (BIOGRO) (COSMOS) | Aloe Barbadensis (Aloe Vera) Leaf Extract - organic | Aloe vera leaf extract is produced from the succulent leaves of the aloe plant, Aloe barbadensis. Aloe barbadensis, or aloe vera, is a succulent plant which offers many benefits and is suited for all skin types, especially dry, damaged, broken, sensitive and irritated skin. It offers anti-inflammatory, antimicrobial, antioxidant, humectant and soothing, anti-itch qualities for skin. |
| Witch Hazel Distillate 14% Alcohol | Hamamelis Virginiana - Witch Hazel Water | Hamamelis Virginiana (Witch Hazel)Water and Hamamelis Virginiana (Witch Hazel) Leaf Water function as a skin conditioning agents. They enhance the appearance of dry or damaged skin and help to reduce flaking and restores the suppleness of skin. |
| Perfume Solubiliser (PERSOL 2) | Perfume Solubiliser, Polyoxyethylene, Sorbitan Monolaurate, ethoxylated materials | A gentle additive used in natural ingredients to solubilize and to uniformly disperse an essential oil in water based products. |
| Sodium Citrate (COSMOS) | Sodium Citrate | sodium citrate primarily functions as a buffering agent to control the pH level, but may also be used as a preservative. ... Sodium citrate can buffer solutions in the pH range of about 3 to 6.2. The skin's normal pH is slightly acidic, typically between 4 and 6 |
| Geogard Ultra | D-Glucono-1,5-Lactone, Sodium Benzoate, Calcium Gluconate | Geogard Ultra™ is the only product of its kind certified by ECoCert for use in natural and organic products. It is a blend of D-Glucono-1,5-Lactone (74.25%), Sodium benzoate (24.75%) and Calcium gluconate (1.0%).The combination of gluconolactone and sodium benzoate offer broad spectrum protection and act as an efficient 'preservative booster' where the slow release of Gluconic Acid over time will contribute to the overall preservation effect. |

Ingredient Dictionary

| | | |
|---|--|---|
| Geogard Ultra (COSMOS) | Gluconolactone; Sodium Benzoate | Gluconodeltalactone and Sodium Benzoate is a natural preservative that is a combination of a naturally occurring food additive glucono delta lactone from corn and a food grade preservative sodium benzoate , which is the sodium salt of benzoic acid, along with a trace amount of calcium gluconate as a processing agent. |
| Comfrey Extract Leaf | Symphytum Officinale (Comfrey) Extract | Comfrey Leaf extract is a natural plant extract that contains allantoin, a substance that helps stimulate the growth of new skin cells, accelerate healing and soothe inflamed or irritated skin . |
| Vinanza Kiwi | Actinidia Deliciosa (Kiwi) Fruit Extract | Actinidia chinensis (kiwi fruit) extract . Strengthen and repair skin's barrier. Kiwifruit extract can protect the skin from the action of free radicals from UV sunlight or environmental factors and is thus an excellent anti-aging and skin lightening agent. In another study of polysaccharides from kiwi fruit extract showed that use of the extract led to a doubling of skin cell collagen synthesis of fibroblasts ³ . Thus the use of kiwi fruit extract may lead to a firming of sagging skin and reduction of skin wrinkle appearance. |
| Dermofeel Toco 70 Vit E non GMO (COSMOS) | Tocopherol; Helianthus Annuus (Sunflower) Seed Oil | When it comes to skincare today, sunflower seed oil is a great source of vitamin E, rich in nutrients and antioxidants, and is effective for combatting skincare issues like acne, inflammation, general redness and irritation of the skin . Sunflower oil has emollient properties that help the skin retain its moisture. |
| Dermofeel Toco 70 Vit E non GMO | Tocopherol; Helianthus Annuus (Sunflower) Seed Oil | |
| Bisabolol, Dragasantol, Natural Alpha Bisabolol | Alpha Bisabolol (and) Bisabolol Oxide B | Alpha Bisabolol Natural is the major active component of Chamomile. Having proven anti-inflammatory properties, bisabolol has anti-microbial properties, declares war on acne, rashes, rosacea, psoriasis, and similar conditions associated with frequent skin irritations. It has also been shown that bisabolol calms the skin after exposure to UV rays, and tones down sunburns and redness. |

Ingredient Dictionary

| | | |
|---|--|--|
| Lamesoft PO65/ElopersPM400 | Coco-Glucoside; Glyceryl Oleate | Coco Glucoside is a natural, non-ionic, surfactant. Like Decyl Glucoside it is ultra mild, and one of the most gentle of the cleansing agents, making it ideal for all foaming and cleansing products, especially those designed for fragile or sensitive skin. |
| Liftessence Nature PF | Water (and) Glycerin (and) Cyathea Cumingii Leaf Extract | Cyathea cumingii, belonging to the Cyatheaaceae family, is a tree fern native to New Zealand. A specific fraction of the plant, rich in polysaccharides, is used to create Liftessence™, a mucilaginous gel with a lifting and smoothing effect. |
| D-Panthenol 98%+ | Panthenol (Pro-Vitamin B5) | It is a gentle, water-soluble vitamin that deeply penetrates skin, delivering essential moisture that helps hydrate, soothe and encourage self-healing. ProVitamin B5 works as a humectant, attracting and locking moisture into skin. It also has an anti-inflammatory effect that can help stimulate your skin's healing processes. |
| GTCC, Caprylic/Capric Triglyceride MCT Oil, Radia 7104 (COSMOS) | Caprylic/Capric Triglyceride | This ingredient is derived from coconut oil and glycerin, it's considered an excellent emollient and skin-replenishing ingredient. It's included in cosmetics due to its mix of fatty acids that skin can use to replenish its surface and resist moisture loss. Creates a barrier on the skin's surface, which helps to reduce skin dryness by decreasing the loss of moisture. |
| SugaNate 160 NC | Sodium Laurylglucosides Hydroxysultaine | A naturally derived, gentle, sugar-based surfactant. |
| Symbio Solv Clear Plus (COSMOS) | Caprylyl/Capryl Glucoside; Aqua; Sodium Cocoyl Glutamate; Glyceryl Caprylate; Citric Acid; Polyglyceryl-6 Oleate; Sodium Surfactin | This compound ingredient is a mixture of naturally derived surfactants and wetting agents and offers excellent solubilization. It yields transparent solutions of most perfume oils and essential oils in aqueous formulations, thus making it invaluable for tonics or oral care products. |
| Crodateric CAS 50, Colateric CBS | Cocamidopropyl Hydroxysultaine | This ingredient helps keep skin soft and supple by working as a conditioning agent. It creates a creamy lather with less potential for damage to the outermost layer of skin (the stratum corneum). It can also be used as a foam booster, antistatic agent, and thickener. |

Ingredient Dictionary

| | | |
|-------------------|---|---|
| Majestem | Glycerin; Leontopodium Nivale Callus Culture Extract; Xanthan Gum | Is an active ingredient which provides a visible lifting, tightens the sagging neck skin and lifts the cheeks. Majestem™ is derived from plant cell culture. |
| | Acetyl Hexapeptide - 3- Argireline | Acetyl hexapeptide-3, marketed as Argireline is used in attempts to decrease the visible effects of aging by reducing the deep wrinkles and lines that occur around the forehead and eyes. Encouraging your own muscles to work for themselves. When applied as a solution to specific areas of the face, acetyl hexapeptide-3 inhibits the reactions that cause muscles to move or contract – for example when forming facial expressions such as smiling or frowning. |
| Amigel | Sclerotium Gum | This ingredient is a water soluble, nature-derived polysaccharide, it is an emulsion stabilizing and viscosity controlling as well. It is used in cosmetics to prevent pigments from separating. Functions: Sclerotium Gum is a gel-like thickening agent used in cosmetics and beauty products because of its versatile properties and can be used to reduce the level of oil required in formulas, has natural skin soothing and smoothing properties |
| Ecogel | Lysolecithin, Sclerotium Gum, Xanthan Gum, Pullulan | Based on phospholipids, Ecogel™ brings active properties (hydration, repairing, soothing action) and act as an efficacy booster, improving skin penetration and bioavailability of active ingredients into the skin . Easy-to-use, Ecogel is compatible with electrolytes, surfactant and could be used over a wide range of pH |
| LaraCare A200 | Galactoarabinan | This ingredient is a polysaccharide extracted from larch trees. One of its properties is that it reduces particle size, which helps ingredients disperse and, in doing so, can improve the SPF properties of a product with sunscreen. |
| Alcohol Benzylque | Benzyl Alcohol | This is an aromatic alcohol used in a wide variety of cosmetic formulations as a fragrance component, preservative, solvent, and viscosity-decreasing agent. Used in a really small amount to balance the smell of the flax seed. |

Ingredient Dictionary

| | | |
|--|---|---|
| Peach Kernel Oil | Prunus Persica (Peach) Kernel Oil | Peach Kernel Oil is a light oil that is absorbed easily by the skin , leaving it feeling soft and silky. ... Similar to the Sweet Almond and Peach Kernel Oil , it comprises of a high content of unsaturated fatty oils , such as oil and linolenic acid. |
| Apricot Kernel Oil | Prunus Armeniaca (Apricot) Kernel Oil | Used topically, Apricot Kernel Oil makes a non-greasy, enriching emollient. It can be applied directly to the skin as a revitalizing salve that soothes and prevents acne, inflammation, and dryness. Used under the eyes, it is known to diminish the appearance of dark circles, fine lines, and puffiness |
| Oxifend Plus (Fruit Complex) | Vitis Vinifera (Grape), Ribes Nigrum (Blackcurrant), Rubus Ursinus (Boysenberry), Actinidia Deliciosa (Kiwifruit) | The antioxidant extract Vinanza Oxifend Plus ® is a superfruit complex from New Zealand grown boysenberries, blackcurrants and kiwifruit, along with Vinanza Grape® from grape seeds. It contains high levels of antioxidants, which have proven health benefits and can help defend skin cells from oxidative stress. |
| Salicylic Acid | Salicylic Acid | This ingredient is organic and sourced from willow trees. " Salicylic acid helps with the first cause by dissolving the type of skin debris that clogs pores and causes acne. Therefore, the best acne to treat with salicylic acid are blackheads and whiteheads. " Salicylic acid can directly dissolve the keratin plugs and regulate the skin cells," |
| Capsicum 3.3% Colourless (Capsicum Oleo Resin 3.3) | Capsicum Frutescens Resin (and) Helianthus Annuus Seed Oil | Treatment of the skin with capsicum results in vasodilation thereby increasing blood flow in the skin. Work in the cosmetic industry has taken advantage of these properties of capsicum in which reports claim that it increases circulation, tone, and firmness. Helianthus annuus seed oil comes from compressing the seeds of a plant most commonly known as a sunflower. ... The linoleic acid present in sunflower oil works to reinforce the skin barrier. This helps to reduce moisture loss from the skin surface, thus improving overall hydration. |

Ingredient Dictionary

| | | |
|-------------------------------------|-----------------------|--|
| Kaolin 300, Snobrite C9, CKB900-8AK | Kaolin | Kaolin is a natural clay that helps to cleanse and exfoliate dead skin cells and debris from the surface. It adds absorbency, texture and bulk to cleansers. Kaolin is an active ingredient usually found in thick skincare products such as mask. Used to purify pores or treat acne and breakouts. Some have found that regular use helps to balance their skin's oil production, reducing oily skin symptoms. Kaolin clay becomes a smooth paste when combined with water, and its tiny crystals gently exfoliate and refresh the skin . |
| NZ Glacial Clay | Bentonite | Bentonite clay absorbs excess sebum from the skin's topmost layer, thereby preventing acne. Using this a few times a month is a great way to control acne. Bentonite clay contains natural minerals such as calcium, magnesium, and iron, which may provide additional benefits. Bentonite clay forms from volcanic ash. |
| Calben 75, Rheogel PG | Rotorua Mud | Rotorua's earth magic geothermal mud is rich in rejuvenating minerals and has natural cleansing, antiseptic, healing and re balancing properties. It's ability to absorb dirt, impurities and excess oil while exfoliating dead skin cells leaving your skin smooth and soft. |
| ZEMEA Propanediol | Propanediol (natural) | Natural propanediol functions as an emollient, humectant, and solvent. As an emollient, propanediol has the ability to soften and soothe the skin . Upon application, propanediol forms an occlusive film on the surface of skin that aids in preventing water loss |
| Zinc Oxide BP | Zinc Oxide | While zinc oxide creates a protective barrier and deflects UV rays off of your skin (both UVA and UVB), chemical SPF absorbs them before they can cause any harm. ... Zinc oxide has also been shown to help reduce acne as it soothes skin and eases inflammation. |

Ingredient Dictionary

| | | |
|---------------------|---|---|
| Clair Blanche II | Aqua, Butylene Glycol, Arbutin, Citric Acid, Sodium Sulfite, Acetyl Tyrosine, Saxifaga Sarmentosa Extract, Paeonia Suffruticosa Root Extract, Aminopropyl Ascorbyl Phosphate, Scutellaria Baicalensis Root Extract, Glutathione | Plant derived Clair BLANCHE-II whitening lightening brightening anti dark age spots face essence lotion serum will help to correct uneven skin tone. It brings the benefits of strong melanin inhibitors, but without the toxicity, and potential side-effects. It is able to minimize the area of pigment spots and brighten skin complexion. |
| Veegum K - Granules | Magnesium Aluminium Silicate | Is a naturally occurring mineral derived from refined and purified clay that is used primarily as a thickener in cosmetics and beauty products. It is refined to a powder for use in cosmetics as an absorbent, anticaking agent, opacifying agent, viscosity-increasing agent, and suspending agent, |
| Salinatural KJ | Pongamia Seed Oil | Pongamia Seed Oil or also called Karanja seed oil has a medicinal and antiseptic properties. It is very effective for skin care and can be used for treating skin ulcers, eczema, dandruff, psoriasis. |
| Plantacare 818UP | Coco-Glucoside | Coco Glucoside is a natural, non-ionic, surfactant. Like Decyl Glucoside it is ultra mild, and one of the most gentle of the cleansing agents, making it ideal for all foaming and cleansing products, especially those designed for fragile or sensitive skin . |
| AMS Leucidal Liquid | Leuconostoc/Radish Root Ferment Filtrate | Is derived from radishes fermented with bacteria to act as a natural preservative. It ranges in color from clear to a light amber. It can provide effective protection for certain cosmetic systems. |
| Rosamox, Amiox | Helianthus Annuus (Sunflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract | This natural ingredient compound is antioxidative, antimicrobial and antiinflammatory characteristics and can be used in creams , lotions, salves, balms or anhydrous products. |
| Organic Glycerine | Organic Glycerine | Glycerin is a humectant that can be naturally derived from plant oils. As a humectant, glycerin works to moisturize the skin by drawing water from the air into the skin's outer layer. It also forms a protective layer that helps prevent moisture loss |

Ingredient Dictionary

| | | |
|-------------------|--|---|
| Naticide | Naticide | This organic skincare preservative is a broad-spectrum anti-microbial vegetable-based fragrance which also acts as a preservative. It smells like vanilla and almond and can inhibit bacteria, mould and yeasts. It is approved for use in organic skincare by ACO |
| MCT Oil | Caprylic/Capric Triglyceride | A combination of coconut oil and glycerin which creates a barrier on the skin's surface, which helps to reduce skin dryness by decreasing the loss of moisture. Its oily texture helps to thicken and provides a slipperiness, which helps make our lotions and natural strength deodorants easy to apply and leaves a non-greasy after-touch |
| Vegelight 1214LC | Coco Alkanes | Coconut Alkanes is a volatile (something that does not absorb into the skin but evaporates from it), naturally derived vegetable alkane coming from renewable sources. It is a light, oily liquid that works as an emollient and gives a smooth skinfeel . |
| Flora Esters 15 | Joboba Esters | Jojoba esters are the hydrogenation or transesterification product of Jojoba oil . Jojoba Esters are commonly used in cosmetic formulations as an emollient, due to its remarkable similarity to the natural oils produced by the human skin , and its high oxidative stability. |
| Argan Oil | Argania Spinosa (Argan) Oil | Argania Spinosa (Argan) kernel oil is the oil extracted from the kernels of seeds from Argania Spinosa plant. It has been shown to offer many benefits to our skin including anti-aging, anti-inflammatory, antioxidative, skin protection, moisturizing and skin hydrating and anti-viral benefits. |
| Moringa Oil | Moringa Oleifera (Horseradish Tree) Seed Oil | A non-fragrant plant oil that contains several antioxidants, including zeatin, quercetin, and vitamins A, C, and E. The oil is also a very good source of oleic acid, a monounsaturated fatty acid that can replenish skin and help guard against moisture loss. |
| Harakeke Seed Oil | Phormium Tenax (NZ Flax) infused in Helianthus Annuus (Sunflower) Seed Oil | This plant has been used for centuries in Maori traditional medicine but science has confirmed that the seeds are rich in linoleic (i.e. omega 6) fatty acid. Harakeke seed oil quite literally feeds your skin. |

Ingredient Dictionary

| | | |
|-------------------------------------|---|--|
| Lakesis Y.R | Capric/Caprylic Triglyceride & Pistacia Lentiscus (Mastic) Gum | Lakesis compound is derived from crystalised resins off trees. This compound rebalances the effects of ageing on Klotho from the early stages of skin ageing. It therefore promotes the predominance of the active form of Foxo and thus the reactivation of cellular detoxification and global activity. |
| Retinol 15D (Vitamin a 15% active) | Retinol (and) Caprylic/Capric Triglyceride | Retinol 15 D is a plant based active ingredient for the personal care industry to correct the effects of skin aging and improves the appearance of UV-damaged skin. ... With the use of Retinol 15 D the epidermis and dermis grow thicker, and the skin becomes more elastic. Caprylic/capric triglyceride creates a barrier on the skin's surface, which helps to reduce skin dryness by decreasing the loss of moisture. Its oily texture helps to thicken and provides a slipperiness, which helps make our lotions and natural strength deodorants easy to apply and leaves a non-greasy after-touch. |
| Desert Whale Jojoba Milk | Water, Simmondsia Chinensis (Jojoba) Seed Oil, Propanediol, Phospholipids, Glycerin, Sodium Hyaluronate, Xanthan Gum | Desert Whale natural Jojoba Milk is an innovative white, low viscosity liquid with a lightweight elegant feel. It is made using ultrasonic cavitation, an innovative technology which combines high shear with a carefully selected plant-based phospholipid plus natural Desert Whale Jojoba Oil. Thanks to their small size, the micro-droplets of jojoba oil in Desert Whale Jojoba Milk have a very high surface area which improves their absorption into skin . |
| 9Berries Hydroglycerined Extract 80 | Glycerin, Water, Euterpe Oleracea (Acai) Fruit Extract, Vaccinium Vitis-Ideaea (Lingonberry) Fruit Extract, Vaccinium Oxycoccos (Cranberry) Fruit Extract, Prunus Cerasus (BitterCherry) Fruit Extract, Fragaria Vesca (Strawberry) Fruit Extract, Rubus Idaeus (Raspberry) Fruit Extract, Morus Nigra (Black Mulberry) Fruit Extract, Rubus Fruiticosus (Blackberry) Fruit Extract, Vaccinium Myrtillus (Bilberry) Fruit Extract | This powerful and potent anti-oxidant complex, rich in vitamin C, derived from a wide range of berries. These clever compounds, often referred to as polyphenols, are primarily found in the fruit and seeds of berries. Their job is to help the plants withstand environmental stressors in the wild, which they in turn do for your skin, fighting free radical damage and lightening and brightening the skin. |

Ingredient Dictionary

| | | |
|------------------|------------------------------------|--|
| Riboxyl | Ribose | Ribose is a pentose sugar that occurs naturally in all living cells. ... It is the only known cosmetic ingredient used by the skin cells to control energy restoration. Its action on cell metabolism restores energy to the skin for a global anti-ageing action and gives new energy to tired skin . |
| Vegetable Oil | Vegetable Oil | Vegetable oils , especially those that are all-natural, organic and cold-pressed, contain many phytochemicals and nutrients that help moisturize, protect and strengthen your skin . In general, if an oil is safe to eat, it's ok to put on your skin |
| Caster Seed Oil | Ricinus Communis (Castor) Seed Oil | Castor oil is relatively safe to use, but some people have reported side effects after applying it to their skin . Castor oil is thought to have anti-inflammatory, antimicrobial, moisturizing, and some other useful properties |
| Magnesium | Magnesium Silicate | Naturally occurring magnesium silicate mineral that is typically the main ingredient in face powders and is also used as an absorbent in skincare products |
| Titanium Dioxide | Titanium Dioxide | titanium dioxide . Inert earth mineral used as a thickening, whitening, lubricating, and sunscreen ingredient in cosmetics. It protects skin from UVA and UVB radiation and is considered no risk of skin sensitivity. Because its gentle, titanium dioxide is a great sunscreen active for sensitive, redness-prone skin. |

Ingredient Dictionary

| | | |
|--------------------------|--------------------------|---|
| Polymethylsilsesquioxane | Polymethylsilsesquioxane | Very safe, high-performing spherical silicone powder providing enhanced aesthetics and wrinkle-masking effects. It creates a non-thickening effect, has excellent water-repellency and flows freely without agglomeration, providing superior handling and processing ease. Gives skin a smooth, silky, powdery feeling and masks and blurs wrinkles. Effectively absorbs sebum, enhances water repellency and provides good surface-slip and anti-caking properties. |
| Silica | Silica | Silica is a mineral found naturally in sandstone, clay, and granite, as well as in parts of plants, it is used as a versatile ingredient in the cosmetics and skin care industry because of its ability to serve as an abrasive, anticaking agent, bulking agent, opacifying agent and suspending agent. |
| Boron Nitrate | Boron Nitrate | Boron nitride . * A polymorphic compound consisting of boron and nitrogen. ... Boron Nitrate also the ability to absorb excess oil in the face and disperse pigment evenly.
