

# Ingredient Dictionary

Ingredients	INCI	INCI Description
Aqua (Water)	Aqua (Water)	Pure Water
Radiasurf 7141	Glyceryl Stearate	A safe ingredient which acts as a lubricant on the skin's surface, which gives the skin a soft and smooth appearance
Emulgade PL 68/50	Cetearyl Glucoside; Cetearyl Alcohol	A natural emulsifier extracted from corn and coconut using eco-friendly principles, without the use of chemicals or solvents. This ensures a stabile emulsion of oil-based and water-based ingredients and is both mild and non-irritating.
Polawax GP200, Ercamuls LP 20 V/FD, Cromul EM 3354, Medmuls B200	Cetearyl Alcohol and Rosa Canina	A simple ingredient with emulsifying properties to hydrate skin and hair, leaving it soft and supple
Lanette MY/Lanette D	Cetearyl Alcohol	An ingredient used to help soften <b>the skin</b> and hair and to thicken and stabilize cosmetic products, such as lotions and hair products. ... Not only is it considered safe and nontoxic for use on <b>the skin</b> and hair, but it's also not drying or irritating like other types <b>of alcohol</b> .
Glycerine Refined 99.7% (COSMOS)	Glycerin	This is a natural humectant, a type of moisturizing agent that pulls water into the outer layer of your <b>skin</b> from deeper levels of your <b>skin</b> and the air. In <b>skin care products</b> , <b>glycerin</b> is commonly used with occlusives, another type of moisturizing agent, to trap the moisture that it draws into the <b>skin</b>
Glycerine Refined 99.7%	Glycerin	
Avocado Oil	Persea Gratissima (Avocado) Seed Oil	Avocado Oil is very rich in fatty acids and is excellent for moisturizing the skin. In addition to vitamin E, avocado oil contains potassium, lecithin, and many other nutrients that can nourish and moisturize the skin
Avocado Oil	Persea Gratissima (Avocado) Oil	
Advocado Oil, Organic - Green (COSMOS)	Persea Gratissima (Avocado) Oil	
NZ Avocado Oil - Refined	Persea Gratissima (Avocado) Seed Oil	
Olivem 1000 (COSMOS)	Cetearyl Oliviate, Sorbitan Oliviate	This ingredient is a unique natural PEG-free emulsifier from Olive oil. It reduces skin water loss, has a high moisturizing effect, is hypoallergenic and biomimics the skin

# Ingredient Dictionary

Jjoba Oil	Simmondsia Chinensis (Jjoba) Seed Oil	This ingredient has anti-inflammatory properties which help to tame chaffing and chapping, reduce redness caused by drying, ease the effects of eczema and rosacea, and keep skin calm and comfortable. The Vitamin E and B-complex vitamins in the <b>Jjoba oil</b> help in skin repair and damage control
Rosehip Oil (Refined)	Rosa Canina (Rosehip) Fruit Oil	Rosehip <b>Oil</b> comes from the seed, is rich in essential fatty acids and extremely high in Vitamin C. Because it is a <b>dry oil</b> , meaning it absorbs quickly without leaving an oily skin residue, it may be best for normal to dry skin users. Anti-Aging*
Evening Primrose Oil	Oenothera Biennis - Evening Primrose Oil	Evening Primrose Oil is the oil expressed from the seeds of <i>Oenothera biennis</i> . soothes and moisturizes the skin while enhancing elasticity. Furthermore, it promotes a healthy, clear, rejuvenated complexion with enhanced radiance and addresses roughness, wrinkles, redness, dryness, and irritation.
Evening Primrose Oil Organic	Oenothera Biennis (evening primrose) Oil, Organic	
ParbFree DBA, Microcare DB, Geogard 221 (COSMOS)	Dehydroacetic Acid, Benzyl Alcohol	<b>Dehydroacetic acid</b> & Benzyl alcohol are both Organic compounds which are accepted for use in <b>natural</b> cosmetics, offering a broad spectrum of stability at a wide range of pH.
ParbFree DBA, Microcare DB, Geogard 221	Dehydroacetic Acid, Benzyl Alcohol	
Wheatgerm Oil	Triticum Vulgare (Wheat) Germ Oil	<b>Triticum Vulgare (Wheat)Germ Oil</b> is an <b>oil</b> expressed or extracted from the <b>germ</b> of <b>Triticum vulgare</b> . <b>Is used primarily as a skin conditioning agent. The Vitamin E contained in this oil benefits the skin.</b>
(NHP) Manuka Honey 16+	Honey (Manuka)	<b>Manuka honey</b> can improve <b>your skin's</b> appearance. It can balance <b>your skin's</b> pH level and help slough away dead cell debris to keep <b>your skin</b> clean. Its anti-inflammatory effect can decrease local inflammation caused by acne. As an antibacterial, <b>Manuka honey</b> leaves fewer bacteria to infect pores and cause acne

# Ingredient Dictionary

Beeswax White	Cera Alba (Beeswax) White	Beeswax is one of the most commonly misunderstood <b>cosmetic</b> ingredients. It is actually great for helping hold in moisture and prevents clogging of pores. Beeswax also helps to create a pleasant silky texture in <b>cosmetics</b> . The vitamin A in beeswax, along with the antiseptic and healing properties, are good treatments for acne. It also contains small amounts of natural antibacterial agents. Is also helpful for dry and chapped lips.
Shea Butter	Butyrospermum Parkii (Shea) Butter	<b>Shea butter</b> is fat that's extracted <b>from the</b> nuts of the <b>shea</b> tree. High concentrations of fatty acids and vitamins make shea butter an ideal cosmetic ingredient for softening skin. Shea butter also has anti-inflammatory and healing properties. Using shea butter on your body, especially your face, can condition, tone, and soothe your skin
Cocoa Butter (Refined) Organic	Theobroma Cacao (Cocoa) Seed Butter organic	<b>Cocoa Seed Butter</b> is the natural, edible fat obtained from the roasted seeds of <b>Theobroma cacao</b> . <b>Cocoa Seed Butter</b> is extracted during the process of making chocolate and <b>cocoa</b> powder. Cocoa butter is high in fatty acids, which is why it's often touted for its ability to hydrate and nourish the skin and improve elasticity. The fat in cocoa butter forms a protective barrier over skin to hold in moisture. Cocoa butter is also rich in natural plant compounds called phytochemicals
TICAXAN Xanthan Gum 200Mesh/EC (COSMOS)	Xanthan Gum	<b>Xanthan gum</b> may not be an active ingredient, but its use in <b>skincare</b> is significant for product texture and formulation. It is not known to have any toxic or harmful side effects, can be appropriate for use in natural and organic <b>skincare</b> and is thought to have some hydrating benefits for the <b>skin</b> .
TICAXAN Xanthan Gum 200Mesh/EC	Xanthan Gum	
Xanthan Gum FNCS-PC/Keltrol CG-T/Vanzan NF-C	Xanthan Gum	

# Ingredient Dictionary

Dermofeel Toco 70 Vit E non GMO (COSMOS)	Tocopherol; Helianthus Annuus (Sunflower) Seed Oil	This ingredient is mainly used as an emollient agent in <b>cosmetic</b> products. This is made possible by its high concentrations of <b>oils</b> (i.e. oleic acid, linoleic acid) <b>and Vitamin E</b> . <b>Skin</b> benefits of <b>sunflower oil</b> include: improving <b>skin</b> hydration <b>and</b> providing antioxidant protection.
Dermofeel Toco 70 Vit E non GMO	Tocopherol; Helianthus Annuus (Sunflower) Seed Oil	
Burdock Extract 1:2	Arctium Lappa (Burdock) Root Extract	A natural antibacterial, antiseptic and <b>skin</b> soother. May aid in the treatment of eczema, psoriasis and acne as well as itchy, dry scalp, and dandruff.
Vanilla Oil, Vanilla Bean 2780/1200	Vanilla Planifolia (Vanilla) Fruit Oil	<b>Vanilla</b> is a good source of B-vitamins like niacin, thiamin, Vitamin B6 and pantothenic acid which also contribute to the maintenance of healthy <b>skin</b> . Incorporate FSS <b>Vanilla Extract Oil</b> into <b>skin care</b> formulations for antioxidant activity and aromatic quality that tantalizes the senses.
Mandarin Oil (RCO)	Citrus Nobilis (Mandarin) Oil	Mandarin oil has the ability to renew your complexion and stimulate the growth of new <b>skin</b> cells, <b>Mandarin Essential Oil</b> can be used to help to even out <b>skin</b> tone. Whether the problem is pigmentation, acne scars or other blemishes, its anti-bacterial and anti-inflammatory properties can help to repair and protect your complexion.
Lime Oil (COSMOS)	Citrus Aurantifolia (Lime) Oil	Lime oil has a tightening effect, making it perfect to use to help rejuvenate your <b>skin</b> . <b>Lime oil's</b> tonic effect promotes a youthful appearance, and it can be helpful in lightening dark <b>skin</b> spots.
Lemon Oil	Citrus Limonum (Lemon) Oil	Its anti-bacterial properties <b>can</b> also sanitize wounds. Its astringent property rejuvenates dull complexions, making <b>Lemon Oil</b> effective for restoring the luster on tired or sagging <b>skin</b> . <b>Lemon Essential Oil's</b> high vitamin content boosts immunity by stimulating the body's ability to combat harmful bacteria.
Lavender Oil (COSMOS)	Lavandula Augustifolia (Lavender) Oil	Use <b>lavender oil</b> for <b>skin</b> to help reduce redness, blotchy patches, and acne scarring. <b>Lavender oil's</b> anti-inflammatory properties make it great for soothing and healing <b>skin</b> that's irritated or reddened from the sun, insect bites, or bacteria.

# Ingredient Dictionary

Manuka Oil	Leptospermum Scoparium Oil	<b>Manuka essential oil</b> is made through the steam distillation of the leaves, branches, and other parts of the <b>Manuka</b> tree. Manuka Oil eliminates harmful bacteria on the skin. Supports the appearance of healthy-looking skin and reduce the appearance of blemishes
Kanuka Oil	Kunzea Ericoides (Kanuka) Leaf Oil	<b>kanuka essential oil</b> is distilled from the <b>leaves</b> of <b>kanuka</b> trees. Kunzea can be used on teenage blemishes or other instances of red, irritated skin. Kanuka oil has antimicrobial and healing activity, making it a powerful oil for minor wounds, acne, and fungal conditions of the nails or skin
Rose Oil (Aromatic Oil)	Rosa Centifolia (Cabbage Rose) Flower Oil	<b>Cabbage rose</b> or <b>Rosa Centifolia Flower</b> Extract which holds many of the same properties but is also used as a fragrance. As a gentle antiseptic and astringent, it can help cleanse skin and prevent blemishes. Anti-inflammatory properties enable Rose Extract to help minimize redness and soothe irritation – making it ideal for all skin types (acneic, dry, mature, sensitive) because of its calming and healing abilities
Rosewood Oil	Aniba Rosaedora (Rosewood) Wood Oil	It is beneficial in skin care formulations as it is said to help protect the skin from acne, dryness, dullness, and balance all skin types such as oily and dry.
Vinanza Grape	Vitis Vinifera (Grape) Seed Extract	<b>Vitis Vinifera</b> is the technical name for <b>grape seed extract</b> , which is used in cosmetics and personal care products because of its natural antioxidant properties. <b>Vitis Vinifera</b> has been traditionally used as a wound healer and anti-inflammatory. The Skin Benefits of Grape Seed, are an excellent source of vitamins C and E, as well as antioxidants known as flavonoids, all of which may improve skin's texture and reduce the signs of aging
Grapefruit Seed Extract	Citrus Grandis (Grapefruit) Seed Extract	<b>Grapefruit seed extract</b> is touted as a natural remedy for a number of health problems, including skin disorders and claimed to treat virtually every infection. It is believed to be simultaneously antibacterial, antiviral, and antifungal.

# Ingredient Dictionary

(Beebio) Wattle Ridge Bee Venom	(Beebio) Wattle Ridge Bee Venom	This ingredients encourages a gently <b>skin</b> reaction to the <b>Bee Venom</b> as an irritation as if it has been lightly stung with Melittin. This encourages blood circulation to the deep layers of the <b>skin</b> , stimulating cell regeneration and the production of elastin and collagen to lift, plump, replenish and tighten the <b>skin</b> .
Aloe Vera Powder - organic (BIOGRO) (COSMOS)	Aloe Barbadensis (Aloe Vera) Leaf Extract - organic	<b>Aloe vera leaf extract</b> is produced from the succulent leaves of the <b>aloe plant, Aloe barbadensis. Aloe barbadensis, or aloe vera, is a succulent plant which offers many benefits and is suited for all skin types, especially dry, damaged, broken, sensitive and irritated skin. It offers anti-inflammatory, antimicrobial, antioxidant, humectant and soothing, anti-itch qualities for skin.</b>
Witch Hazel Distillate 14% Alcohol	Hamamelis Virginiana - Witch Hazel Water	<b>Hamamelis Virginiana (Witch Hazel)Water and Hamamelis Virginiana (Witch Hazel) Leaf Water</b> function as a skin conditioning agents. They enhance the appearance of dry or damaged skin and help to reduce flaking and restores the suppleness of skin.
Perfume Solubiliser (PERSOL 2)	Perfume Solubiliser, Polyoxyethylene, Sorbitan Monolaurate, ethoxylated materials	A gentle additive used in natural ingredients to solubilize and to uniformly disperse an essential oil in water based products.
Sodium Citrate (COSMOS)	Sodium Citrate	<b>sodium citrate</b> primarily functions as a buffering agent to control the pH level, but may also be used as a preservative. ... <b>Sodium citrate</b> can buffer solutions in the pH range of about 3 to 6.2. The <b>skin's</b> normal pH is slightly acidic, typically between 4 and 6
Geogard Ultra	D-Glucono-1,5-Lactone, Sodium Benzoate, Calcium Gluconate	Geogard Ultra™ is the only product of its kind certified by ECoCert for use in natural and organic products. It is a blend of <b>D-Glucono-1,5-Lactone</b> (74.25%), <b>Sodium benzoate</b> (24.75%) and <b>Calcium gluconate</b> (1.0%).The combination of gluconolactone and <b>sodium benzoate</b> offer broad spectrum protection and act as an efficient 'preservative booster' where the slow release of Gluconic Acid over time will contribute to the overall preservation effect.

# Ingredient Dictionary

Geogard Ultra (COSMOS)	Gluconolactone; Sodium Benzoate	Gluconodeltalactone and <b>Sodium Benzoate</b> is a natural preservative that is a combination of a naturally occurring food additive glucono delta lactone from corn and a food grade preservative <b>sodium benzoate</b> , which is the <b>sodium</b> salt of benzoic acid, along with a trace amount of calcium gluconate as a processing agent.
Comfrey Extract Leaf	Symphytum Officinale (Comfrey) Extract	Comfrey Leaf extract is a natural plant <b>extract</b> that contains allantoin, a substance that helps stimulate the growth of new <b>skin</b> cells, accelerate healing and soothe inflamed or irritated <b>skin</b> .
Vinanza Kiwi	Actinidia Deliciosa (Kiwi) Fruit Extract	<b>Actinidia chinensis (kiwi fruit) extract</b> . Strengthen and repair <b>skin's</b> barrier. Kiwifruit extract can protect the skin from the action of free radicals from UV sunlight or environmental factors and is thus an excellent anti-aging and skin lightening agent. In another study of polysaccharides from kiwi fruit extract showed that use of the extract led to a doubling of skin cell collagen synthesis of fibroblasts <sup>3</sup> . Thus the use of kiwi fruit extract may lead to a firming of sagging skin and reduction of skin wrinkle appearance.
Dermofeel Toco 70 Vit E non GMO (COSMOS)	Tocopherol; Helianthus Annuus (Sunflower) Seed Oil	When it comes to skincare today, <b>sunflower seed oil</b> is a great source of vitamin E, rich in nutrients and antioxidants, and is effective for combatting skincare issues like acne, inflammation, general redness and irritation <b>of the skin</b> . <b>Sunflower oil</b> has emollient properties that help <b>the skin</b> retain its moisture.
Dermofeel Toco 70 Vit E non GMO	Tocopherol; Helianthus Annuus (Sunflower) Seed Oil	
Bisabolol, Dragosantol, Natural Alpha Bisabolol	Alpha Bisabolol (and) Bisabolol Oxide B	Alpha Bisabolol Natural is the major active component of Chamomile. Having proven anti-inflammatory properties, bisabolol has anti-microbial properties, declares war on acne, rashes, rosacea, psoriasis, and similar conditions associated with frequent skin irritations. It has also been shown that bisabolol calms the skin after exposure to UV rays, and tones down sunburns and redness.

# Ingredient Dictionary

Lamesoft PO65/ElopersPM400	Coco-Glucoside; Glyceryl Oleate	Coco Glucoside is a natural, non-ionic, surfactant. Like Decyl Glucoside it is ultra mild, and one of the most gentle of the cleansing agents, making it ideal for all foaming and cleansing products, especially those designed for fragile or sensitive skin.
Liftessence Nature PF	Water (and) Glycerin (and) Cyathea Cumingii Leaf Extract	Cyathea cumingii, belonging to the Cyatheaaceae family, is a tree fern native to New Zealand. A specific fraction of the plant, rich in polysaccharides, is used to create Liftessence™, a mucilaginous gel with a lifting and smoothing effect.
D-Panthenol 98%+	Panthenol (Pro-Vitamin B5)	It is a gentle, water-soluble <b>vitamin</b> that deeply penetrates skin, delivering essential moisture that helps hydrate, soothe and encourage self-healing. <b>ProVitamin B5</b> works as a humectant, attracting and locking moisture into skin. It also has an anti-inflammatory effect that can help stimulate your skin's healing processes.
GTCC, Caprylic/Capric Triglyceride MCT Oil, Radia 7104 (COSMOS)	Caprylic/Capric Triglyceride	This ingredient is derived from coconut oil and glycerin, it's considered an excellent emollient and skin-replenishing ingredient. It's included in cosmetics due to its mix of fatty acids that skin can use to replenish its surface and resist moisture loss. Creates a barrier on the <b>skin's</b> surface, which helps to reduce <b>skin</b> dryness by decreasing the loss of moisture.
SugaNate 160 NC	Sodium Laurylglucosides Hydroxysultaine	A naturally derived, gentle, sugar-based surfactant.
Symbio Solv Clear Plus (COSMOS)	Caprylyl/Capryl Glucoside; Aqua; Sodium Cocoyl Glutamate; Glyceryl Caprylate; Citric Acid; Polyglyceryl-6 Oleate; Sodium Surfactin	This compound ingredient is a mixture of naturally derived surfactants and wetting agents and offers excellent solubilization. It yields <b>transparent</b> solutions of most perfume oils and essential oils in aqueous formulations, thus making it invaluable for tonics or oral care products.
Crodateric CAS 50, Colateric CBS	Cocamidopropyl Hydroxysultaine	This ingredient helps keep <b>skin</b> soft and supple by working as a conditioning agent. It creates a creamy lather with less potential for damage to the outermost layer of <b>skin</b> (the stratum corneum). It can also be used as a foam booster, antistatic agent, and thickener.

# Ingredient Dictionary

Majestem	Glycerin; Leontopodium Nivale Callus Culture Extract; Xanthan Gum	Is an active ingredient which provides a visible lifting, tightens the sagging neck <b>skin</b> and lifts the cheeks. <b>Majestem™</b> is derived from plant cell culture.
	Acetyl Hexapeptide - 3- Argireline	Acetyl hexapeptide-3, marketed as Argireline is used in attempts to decrease the visible effects of aging by reducing the deep wrinkles and lines that occur around the forehead and eyes. Encouraging your own muscles to work for themselves. When applied as a solution to specific areas of the face, acetyl hexapeptide-3 inhibits the reactions that cause muscles to move or contract – for example when forming facial expressions such as smiling or frowning.
Amigel	Sclerotium Gum	This ingredient is a water soluble, nature-derived polysaccharide, it is an emulsion stabilizing and viscosity controlling as well. It is used in cosmetics to prevent pigments from separating. Functions: <b>Sclerotium Gum</b> is a gel-like thickening agent used in cosmetics and beauty <b>products</b> because of its versatile properties and can be used to reduce the level of oil required in formulas, has natural skin soothing and smoothing properties
Ecogel	Lysolecithin, Sclerotium Gum, Xanthan Gum, Pullulan	Based on phospholipids, <b>Ecogel™</b> brings active properties (hydration, repairing, soothing action) and act as an efficacy booster, improving <b>skin</b> penetration and bioavailability of active ingredients into the <b>skin</b> . Easy-to-use, <b>Ecogel</b> is compatible with electrolytes, surfactant and could be used over a wide range of pH
LaraCare A200	Galactoarabinan	This ingredient is a polysaccharide extracted from larch trees. One of its properties is that it reduces particle size, which helps ingredients disperse and, in doing so, can improve the SPF properties of a product with sunscreen.
Alcohol Benzylque	Benzyl Alcohol	This is an aromatic <b>alcohol</b> used in a wide variety of cosmetic formulations as a fragrance component, preservative, solvent, and viscosity-decreasing agent. Used in a really small amount to balance the smell of the flax seed.

# Ingredient Dictionary

Peach Kernel Oil	Prunus Persica (Peach) Kernel Oil	Peach Kernel Oil is a light <b>oil</b> that is absorbed easily by the <b>skin</b> , leaving it feeling soft and silky. ... Similar to the Sweet Almond and <b>Peach Kernel Oil</b> , it comprises of a high content of unsaturated fatty <b>oils</b> , such as <b>oil</b> and linolenic acid.
Apricot Kernel Oil	Prunus Armeniaca (Apricot) Kernel Oil	Used topically, Apricot Kernel Oil makes a non-greasy, enriching emollient. It can be applied directly to the skin as a revitalizing salve that soothes and prevents acne, inflammation, and dryness. Used under the eyes, it is known to diminish the appearance of dark circles, fine lines, and puffiness
Oxifend Plus (Fruit Complex)	Vitis Vinifera (Grape), Ribes Nigrum (Blackcurrant), Rubus Ursinus (Boysenberry), Actinidia Deliciosa (Kiwifruit)	The antioxidant extract Vinanza <b>Oxifend Plus</b> ® is a superfruit <b>complex</b> from New Zealand grown boysenberries, blackcurrants and kiwifruit, along with Vinanza Grape® from grape seeds. It contains high levels of antioxidants, which have proven health benefits and can help defend <b>skin</b> cells from oxidative stress.
Salicylic Acid	Salicylic Acid	This ingredient is organic and sourced from willow trees. " <b>Salicylic acid</b> helps with the first cause by dissolving the type of <b>skin</b> debris that clogs pores and causes acne. Therefore, the best acne to treat with <b>salicylic acid</b> are blackheads and whiteheads. " <b>Salicylic acid</b> can directly dissolve the keratin plugs and regulate the <b>skin</b> cells,"
Capsicum 3.3% Colourless (Capsicum Oleo Resin 3.3)	Capsicum Frutescens Resin (and) Helianthus Annuus Seed Oil	Treatment of the skin with capsicum results in vasodilation thereby increasing blood flow in the skin. Work in the cosmetic industry has taken advantage of these properties of capsicum in which reports claim that it increases circulation, tone, and firmness. Helianthus annuus seed oil comes from compressing the seeds of a plant most commonly known as a sunflower. ... The linoleic acid present in sunflower oil works to reinforce the skin barrier. This helps to reduce moisture loss from the skin surface, thus improving overall hydration.

# Ingredient Dictionary

Kaolin 300, Snobrite C9, CKB900-8AK	Kaolin	Kaolin is a natural clay that helps to cleanse and exfoliate dead skin cells and debris from the surface. It adds absorbency, texture and bulk to cleansers. Kaolin is an active ingredient usually found in thick skincare products such as mask. Used to purify pores or treat acne and breakouts. Some have found that regular use helps to balance their <b>skin's</b> oil production, reducing oily skin symptoms. <b>Kaolin clay</b> becomes a smooth paste when combined with water, and its tiny crystals gently exfoliate and refresh the <b>skin</b> .
NZ Glacial Clay	Bentonite	<b>Bentonite clay</b> absorbs excess sebum from the <b>skin's</b> topmost layer, thereby preventing acne. Using this a few times a month is a <b>great</b> way to control acne. Bentonite clay contains natural minerals such as calcium, magnesium, and iron, which may provide additional benefits. Bentonite clay forms from volcanic ash.
Calben 75, Rheogel PG	Rotorua Mud	Rotorua's earth magic geothermal mud is rich in rejuvenating minerals and has natural cleansing, antiseptic, healing and re balancing properties. It's ability to absorb dirt, impurities and excess oil while exfoliating dead skin cells leaving your skin smooth and soft.
ZEMEA Propanediol	Propanediol (natural)	Natural <b>propanediol</b> functions as an emollient, humectant, and solvent. As an emollient, <b>propanediol</b> has <b>the</b> ability to soften and soothe <b>the skin</b> . Upon application, <b>propanediol</b> forms an occlusive film on <b>the surface of skin</b> that aids in preventing water loss
Zinc Oxide BP	Zinc Oxide	While <b>zinc oxide</b> creates a protective barrier and deflects UV rays off of your <b>skin</b> (both UVA and UVB), chemical SPF absorbs them before they can cause any harm. ... <b>Zinc oxide</b> has also been shown to help reduce acne as it soothes <b>skin</b> and eases inflammation.

# Ingredient Dictionary

Clair Blanche II	Aqua, Butylene Glycol, Arbutin, Citric Acid, Sodium Sulfite, Acetyl Tyrosine, Saxifaga Sarmentosa Extract, Paeonia Suffruticosa Root Extract, Aminopropyl Ascorbyl Phosphate, Scutellaria Baicalensis Root Extract, Glutathione	<b>Plant derived Clair BLANCHE-II</b> whitening lightening brightening anti dark age spots face essence lotion serum will help to correct uneven <b>skin</b> tone. It brings the benefits of strong melanin inhibitors, but without the toxicity, and potential side-effects. It is able to minimize the area of pigment spots and brighten <b>skin</b> complexion.
Veegum K - Granules	Magnesium Aluminium Silicate	Is a naturally occurring mineral derived from refined and purified clay that is used primarily as a thickener in cosmetics and beauty products. It is refined to a powder for use in cosmetics as an absorbent, anticaking agent, opacifying agent, viscosity-increasing agent, and suspending agent,
Salinatural KJ	Pongamia Seed Oil	Pongamia Seed Oil or also called Karanja <b>seed oil</b> has a medicinal and antiseptic properties. It is very effective for skin care and can be used for treating skin ulcers, eczema, dandruff, psoriasis.
Plantacare 818UP	Coco-Glucoside	<b>Coco Glucoside</b> is a natural, non-ionic, surfactant. Like Decyl <b>Glucoside</b> it is ultra mild, and one of the most gentle of the cleansing agents, making it ideal for all foaming and cleansing products, especially those designed for fragile or sensitive <b>skin</b> .
AMS Leucidal Liquid	Leuconostoc/Radish Root Ferment Filtrate	Is derived from <b>radishes fermented</b> with bacteria to act as a natural preservative. It ranges in color from clear to a light amber. It can provide effective protection for certain cosmetic systems.
Rosamox, Amiox	Helianthus Annuus (Sunflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract	This natural ingredient compound is antioxidative, antimicrobial <b>and</b> antiinflammatory characteristics <b>and</b> can be used in <b>creams</b> , lotions, salves, balms or anhydrous products.
Organic Glycerine	Organic Glycerine	<b>Glycerin</b> is a humectant that can be naturally derived from plant oils. As a humectant, <b>glycerin</b> works to moisturize the <b>skin</b> by drawing water from the air into the <b>skin's</b> outer layer. It also forms a protective layer that helps prevent moisture loss

# Ingredient Dictionary

Naticide	Naticide	This organic <b>skincare</b> preservative is a broad-spectrum anti-microbial vegetable-based fragrance which also acts as a preservative. It smells like vanilla and almond and can inhibit bacteria, mould and yeasts. It is approved for use in organic <b>skincare</b> by ACO
MCT Oil	Caprylic/Capric Triglyceride	A combination of coconut oil and glycerin which creates a barrier on the <b>skin's</b> surface, which helps to reduce <b>skin</b> dryness by decreasing the loss of moisture. Its oily texture helps to thicken and provides a slipperiness, which helps make our lotions and natural strength deodorants easy to apply and leaves a non-greasy after-touch
Vegelight 1214LC	Coco Alkanes	<b>Coconut Alkanes</b> is a volatile (something that does not absorb into the <b>skin</b> but evaporates from it), naturally derived vegetable <b>alkane</b> coming from renewable sources. It is a light, oily liquid that works as an emollient and gives a smooth <b>skinfeel</b> .
Flora Esters 15	Joboba Esters	<b>Jojoba esters</b> are the hydrogenation or transesterification product of <b>Jojoba oil</b> . <b>Jojoba Esters</b> are commonly used in cosmetic formulations as an emollient, due to its remarkable similarity to the natural oils produced by the human <b>skin</b> , and its high oxidative stability.
Argan Oil	Argania Spinosa (Argan) Oil	<b>Argania Spinosa (Argan)</b> kernel <b>oil</b> is the <b>oil</b> extracted from the kernels of seeds from <b>Argania Spinosa</b> plant. It has been shown to offer many benefits to our <b>skin</b> including anti-aging, anti-inflammatory, antioxidative, <b>skin</b> protection, moisturizing and <b>skin</b> hydrating and anti-viral benefits.
Moringa Oil	Moringa Oleifera (Horseradish Tree) Seed Oil	A non-fragrant plant <b>oil</b> that contains several antioxidants, including zeatin, quercetin, and vitamins A, C, and E. The <b>oil</b> is also a very good source of oleic acid, a monounsaturated fatty acid that can replenish skin and help guard against moisture loss.
Harakeke Seed Oil	Phormium Tenax (NZ Flax) infused in Helianthus Annuus (Sunflower) Seed Oil	This plant has been used for centuries in Maori traditional medicine but science has confirmed that the seeds are rich in linoleic (i.e. omega 6) fatty acid. Harakeke seed oil quite literally feeds your skin.

Lakesis Y.R	Capric/Caprylic Triflyceride & Pistacia Lentiscus (Mastic) Gum	<b>Lakesis compound is derived from crystalised resins off trees. This compound</b> rebalances the effects of ageing on <b>Klotho</b> from the early stages of skin ageing. It therefore promotes the predominance of the active form of <b>Foxo</b> and thus the reactivation of cellular detosification and global activity.
Retinol 15D (Vitamin a 15% active)	Retinol (and) Caprylic/Capric Triglyceride	<b>Retinol 15 D</b> is a plant based active ingredient for the personal care industry to correct the effects of skin aging and improves the appearance of UV-damaged skin. ... With the use of <b>Retinol 15 D</b> the epidermis and dermis grow thicker, and the skin becomes more elastic. Caprylic/capric triglyceride creates a barrier on the skin's surface, which helps to reduce skin dryness by decreasing the loss of moisture. Its oily texture helps to thicken and provides a slipperiness, which helps make our lotions and natural strength deodorants easy to apply and leaves a non-greasy after-touch.
Desert Whale Jojoba Milk	Water, Simmondsia Chinensis (Jojoba) Seed Oil, Propanediol, Phospholipids, Glycerin, Sodium Hyaluronate, Xanthan Gum	<b>Desert Whale natural Jojoba Milk</b> is an innovative white, low viscosity liquid with a lightweight elegant feel. It is made using ultrasonic cavitation, an innovative technology which combines high shear with a carefully selected plant-based phospholipid plus natural <b>Desert Whale Jojoba</b> Oil. Thanks to their small size, the micro-droplets of jojoba oil in Desert Whale Jojoba Milk have a very high surface area which improves their absorption into skin .
9Berries Hydroglycerined Extract 80	Glycerin, Water, Euterpe Oleracea (Acai) Fruit Extract, Vaccinium Vitis-Ideaea (Lingonberry) Fruit Extract, Vaccinium Oxycoccus (Cranberry) Fruit Extract, Prunus Cerasus (BitterCherry) Fruit Extract, Fragaria Vesca (Strawberry) Fruit Extract, Rubus Idaeus (Raspberry) Fruit Extract, Morus Nigra (Black Mulberry) Fruit Extract, Rubus Fruiticosus (Blackberry) Fruit Extract, Vaccinium Myrtillus (Bilberry) Fruit Extract	This powerful and potent anti-oxidant complex, rich in vitamin C, derived from a wide range of berries. These clever compounds, often referred to as polyphenols, are primarily found in the fruit and seeds of berries. Their job is to help the plants withstand environmental stressors in the wild, which they in turn do for your skin, fighting free radical damage and lightening and brightening the skin.

# Ingredient Dictionary

Riboxyl	Ribose	<b>Ribose</b> is a pentose sugar that occurs naturally in all living cells. ... It is the only known cosmetic ingredient used by the <b>skin</b> cells to control energy restoration. Its action on cell metabolism restores energy to the <b>skin</b> for a global anti-ageing action and gives new energy to tired <b>skin</b> .
Vegetable Oil	Vegetable Oil	<b>Vegetable oils</b> , especially those that are all-natural, organic and cold-pressed, contain many phytochemicals and nutrients that help moisturize, protect and strengthen your <b>skin</b> . In general, if an <b>oil</b> is safe to eat, it's ok to put on your <b>skin</b>
Caster Seed Oil	Ricinus Communis (Castor) Seed Oil	<b>Castor oil</b> is relatively <b>safe</b> to use, but some people have reported side effects after applying it to their <b>skin</b> . <b>Castor oil</b> is thought to have anti-inflammatory, antimicrobial, moisturizing, and some other useful properties
Magnesium	Magnesium Silicate	Naturally occurring <b>magnesium</b> silicate mineral that is typically the main ingredient in face powders and is also used as an absorbent in <b>skincare</b> products
Titanium Dioxide	Titanium Dioxide	<b>titanium dioxide</b> . Inert earth mineral used as a thickening, whitening, lubricating, and <b>sunscreen</b> ingredient in cosmetics. It protects skin from UVA and UVB radiation and is considered no risk of skin sensitivity. Because its gentle, <b>titanium dioxide</b> is a great <b>sunscreen</b> active for sensitive, redness-prone skin.

# Ingredient Dictionary

Polymethylsilsesquioxane	Polymethylsilsesquioxane	Very safe, high-performing spherical silicone powder providing enhanced aesthetics and wrinkle-masking effects. It creates a non-thickening effect, has excellent water-repellency and flows freely without agglomeration, providing superior handling and processing ease. Gives skin a smooth, silky, powdery feeling and masks and blurs wrinkles. Effectively absorbs sebum, enhances water repellency and provides good surface-slip and anti-caking properties.
Silica	Silica	<b>Silica</b> is a mineral found naturally in sandstone, clay, and granite, as well as in parts of plants, it is used as a versatile ingredient in the cosmetics and <b>skin care</b> industry because of its ability to serve as an abrasive, anticaking agent, bulking agent, opacifying agent and suspending agent.
